

Seawon Meditech

The Axis of Good

Seawon Meditech Mission

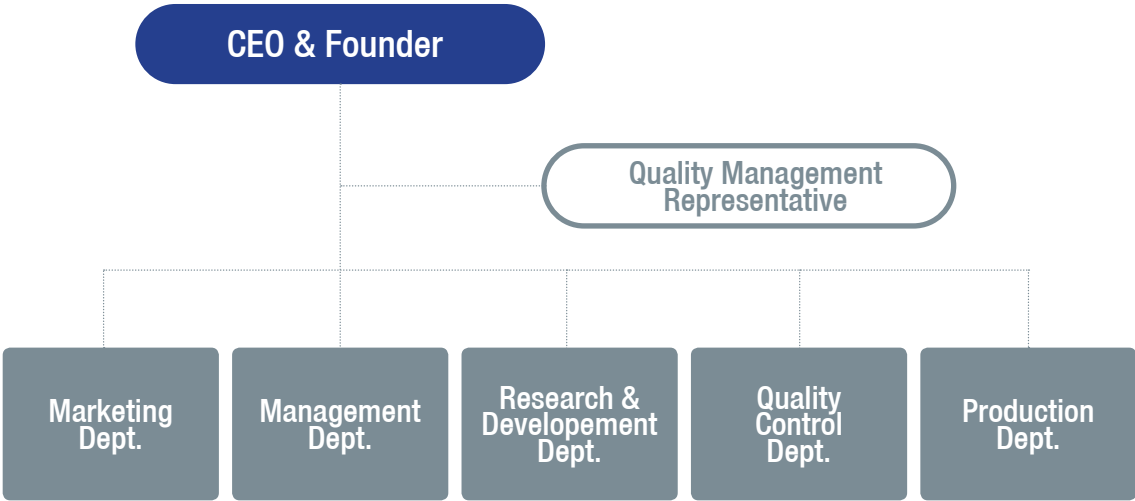

“Since our company was founded in 2008, we have been trying our best to achieve our goals to be ‘the axis of good’ to the world, dedicating ourselves to the medical industries which offer people suffering from illness a better quality of life than before.”

Seawon Meditech: the Company based on the experience and infrastructure accumulated by our outstanding research personnel, Seawon meditech Research Institute is gaining public recognition, while aiming to become the best in the world in the field of digital convergence technology as well as fundamental technology related to the surface of medical device.

Mr. Kim, Chang-Yong
CEO & Founder
Seawon Meditech Co.,Ltd.

Organization Chart

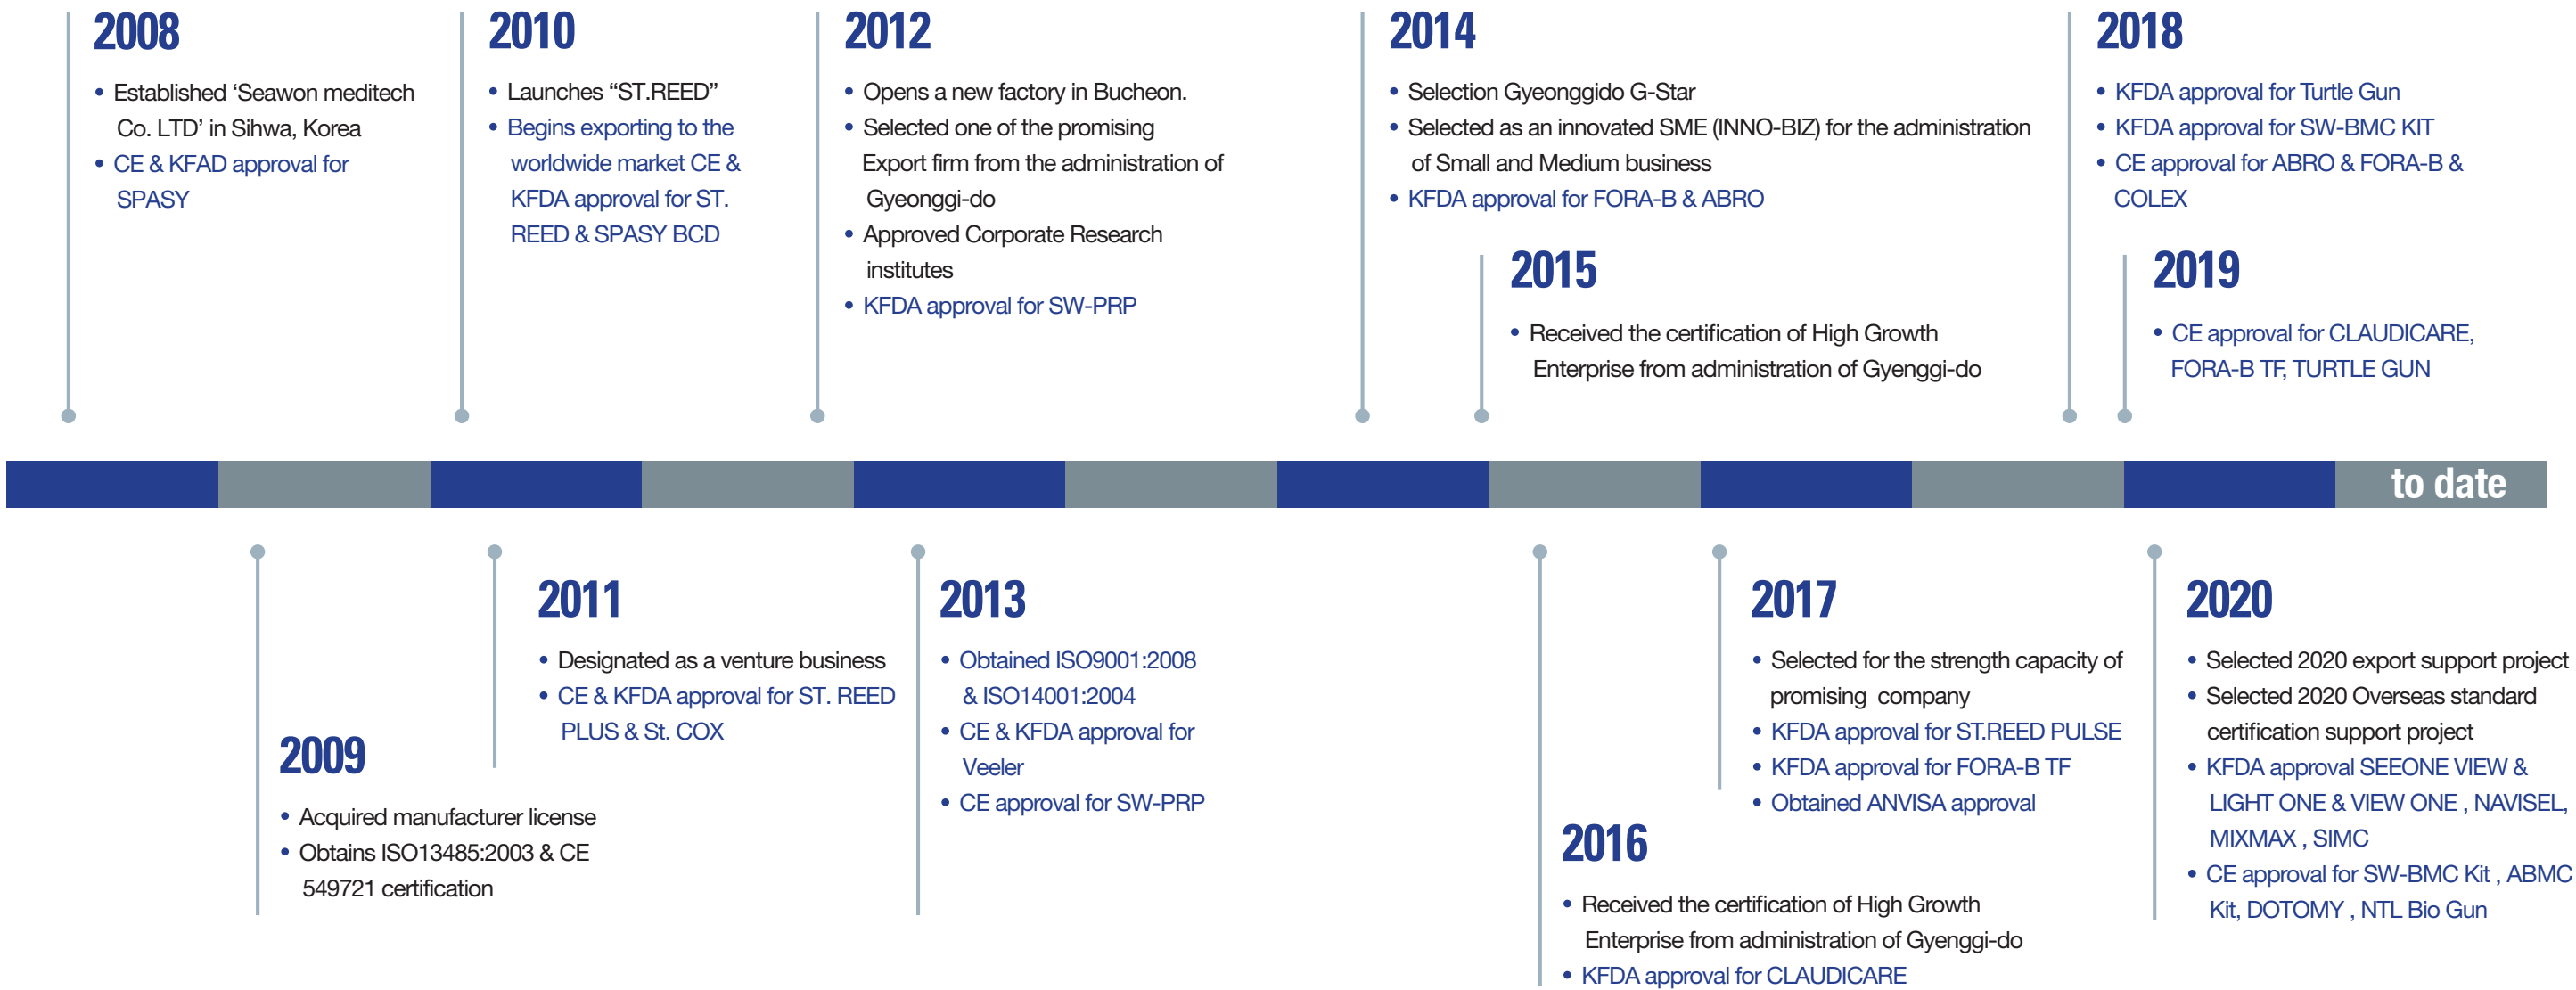

Global Reach

Seawon Meditech has a global network of partners in over 45 countries across Europe, Asia, Middle East and Africa.

History

Product - Line up

Spine alignment system

1 Product: SPASY

Certificate : KFDA, CE, ANVISA

Indication

- Vertebral compression fracture due to Osteoporosis
- Osteolytic fracture
- Metastatic bone fractures

Surgical Technic Video

https://www.youtube.com/watch?v=fYqN_MTNGK8

SWM-KIT-T2 (Puncture Instrument)listed in FDA

2 Product: SPASY BCD Kit

Certificate : KFDA, CE, ANVISA

Indication

- Vertebral compression fracture due to Osteoporosis
- Osteolytic fracture
- Metastatic bone fractures

3 Product: MIXMAX

Certificate : KFDA, CE

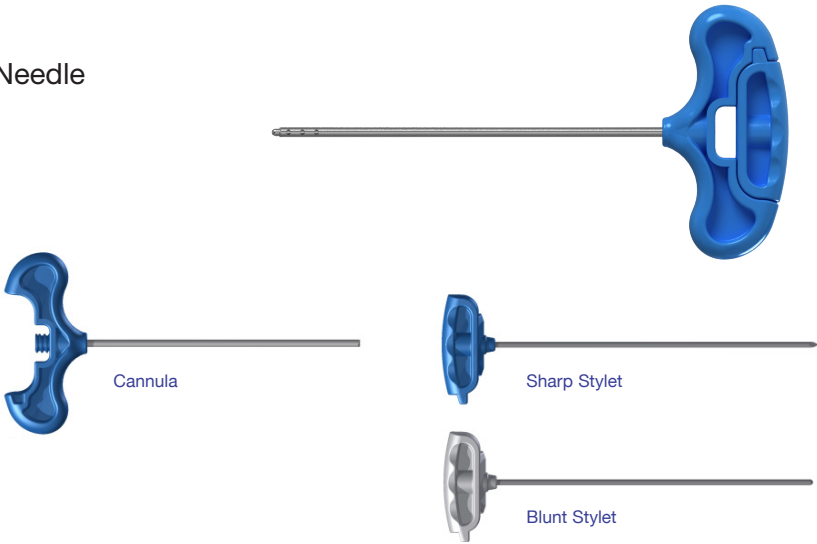

- Bone Cement & Mixing System

4 Product: Colex

Certificate : KFDA, CE

- Bone Marrow Biopsy Needle

Pain management system

PRODUCT	St.COX	St.REED Plus	VEELER	FORA-B	CLAUDICARE
Function	Spring Catheter Racz Catheter	Steerable Epidural Catheter	Video Guided Catheter	Epidural Balloon Catheter	Foraminoplasty
Features	✓ Lumbar ✓ Cervical ✓ Transforaminal	1st ranked in korea ✓ 1.7mm ✓ 2.1mm	Dual Working Channels Compatible with Flexible Endoscopic & Laser	1st ranked in korea Dual Working Channels ✓ Lumbar ✓ Transforaminal	Korea Patents In the Process obtaining CE Use with single-use battery
Certificate	CE, KFDA	CE, KFDA, ANVISA	CE, KFDA, ANVISA	CE, KFDA, ANVISA	CE, KFDA

5

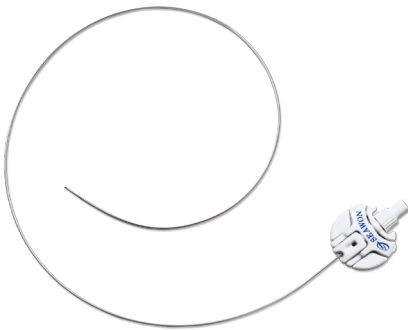

Product: St. Cox Lumbar/Cervical/ Transforaminal

Certificate : KFDA, CE

Indication

- Chronic back pain
- Post-Laminectomy syndrome
- Spinal stenosis
- Herniated nucleus pulposus

Surgical Technic Video

7

Product: St. Reed plus

Certificate : KFDA, CE, ANVISA

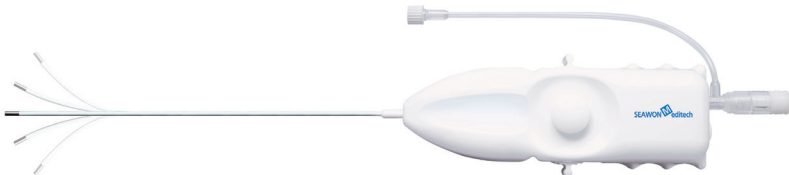

Indication

- Spinal stenosis
- HNP (Herniated Nucleus Pulposus)
- FBSS (Failed Back Surgery Syndrome)
- Chronic low back pain

Surgical Technic Video
<https://www.youtube.com/watch?v=byc4bPUK6Ns&t=32s>

Feature

- Perform bidirectionally
- Radiopaque & Soft atraumatic Shaft
- Easy to steer precisly

Product - Line up

Pain management system

8 Product: CLAUDICARE (Percutaneous endoscopic neurolysis and forminoplasty)

Certificate : KFDA, CE

Indication

- Lumbar foraminal stenosis
- Chronic back-pain
- Patients refusing operation or cannot operated
- Effective diagnostic root block but no long-term relief

Surgical Technic Video

<https://www.youtube.com/watch?v=uXRrkkUVxbc>

9 Product: Veeler (Video guided catheter)

Certificate : KFDA, CE, ANVISA

Indication

- Herniated/Bulging Disc
- Degenerative Disc Disease
- Chemical Radiculitis
- Annular Tears
- Facet Capsule Hypertrophy
- Tethering of Nerve Root
- Failed back Syndrome

Pain management system

PRODUCT	Function	Features	Certificate
ABRO	Continuous Radiofrequency(CRF)	Bipolar Bi-Directional Steering Significant Reduction in Intradiscal Pressure	CE, KFDA
St.REED Pulse	Pulsed Radiofrequency(PRF)	Monopolar Bi-Directional Steering Thermocouple Inside Continuously Measure Temperature to Ensure Heat Damage is Avoided on the Multi-Level of Disc	CE, KFDA
TURTLE GUN	Continuous Radiofrequency(CRF)	Bipolar Bleeding Control & Tissue Shrinkage	CE, KFDA
DOTOMY	Disc Decompressor	Removes quantifiable disc material Visual confirmation of tissue collected No capital equipment required	CE, KFDA
SEEONE VIEW	Epidural Endoscopic Catheter	High Resolution Camera Accurate treatment with visualization and illumination View device for illumination intensity control	CE, KFDA
NAVISEL	Intravascular Steering Guiding Catheter	Braiding wire tube Flexible & Easy to enter PTFE inner layer Smooth passage Radiopaque & Soft atraumatic Distinct images and placement accuracy	CE, KFDA

11

Product: ABRO Lumbar/ Cervical
(Continuous RF Disc Decompression)

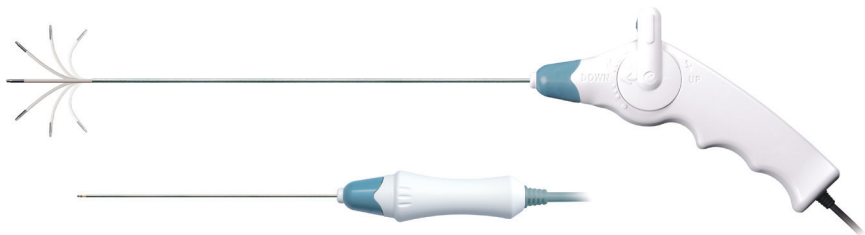

Certificate : KFDA, CE

Indication

- Bipolar RF
- Bi Directional steering
- Significant reduction in intradiscal pressure

Surgical Technic Video

<https://www.youtube.com/watch?v=-VWP2qqZwUA>

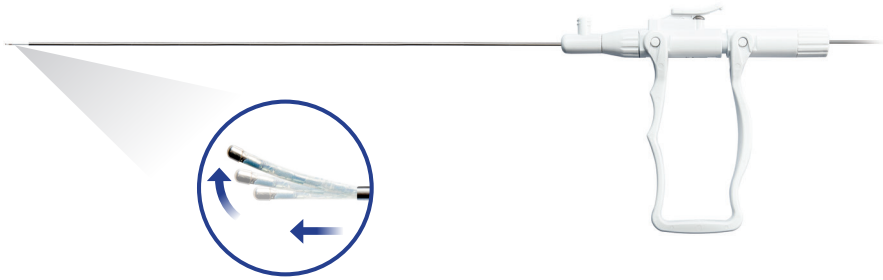

12

Product: Turtle gun

Certificate : KFDA, CE

Features

- Bipolar RF
- Bleeding control & Tissue Shrinkage

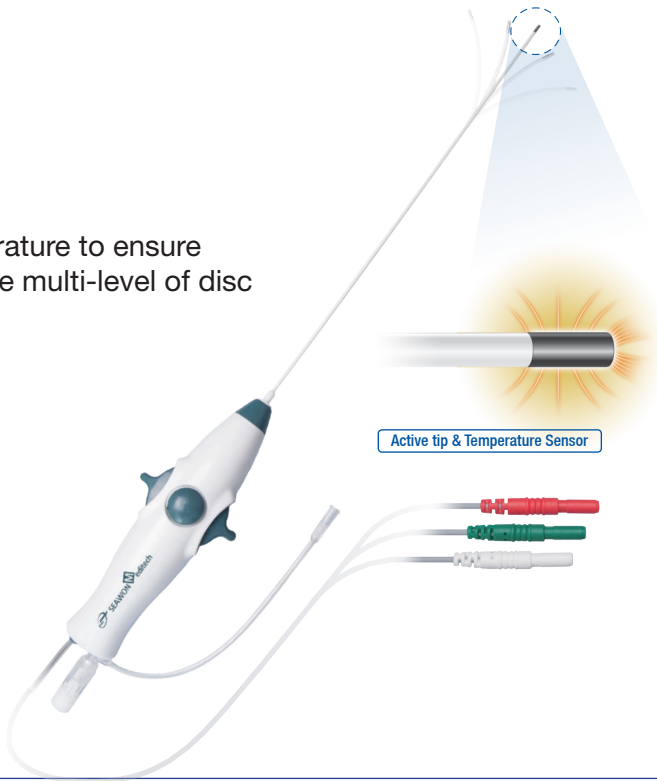

13

Product: ST. REED PULSE

Certificate : KFDA, CE

Features

- Monopolar RF
- Bi Directional steering
- Thermocouple inside
- Continuously measure temperature to ensure heat damage is avoided on the multi-level of disc

Pain management system

14 Product: DOTOMY

- Certificate :** KFDA, CE
- Features**
- Removes quantifiable disc material
 - Visual confirmation of tissue collected
 - No capital equipment r equired
 - Ergonomic handle design
 - No thermal damage to the nerve r oot
 - Easy to use

15 Product: SEEONE VIEW

- Certificate :** KFDA, CE
- Features**
- High-Resolution**

High Resolution Camera
The high- resolution enables precise diagnosis and surgical operation, with more rapid access to lesions and reducing surgery time
- Safe**

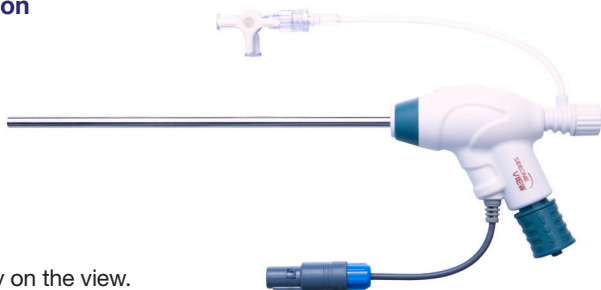

Minimally invasive
Minimum incision to reduce pain and recovery time.

Accurate treatment with visualization and illumination
Provides superior images enabling more safe operation.
- Easy**

Easy-to-use program
It uses a dedicated program

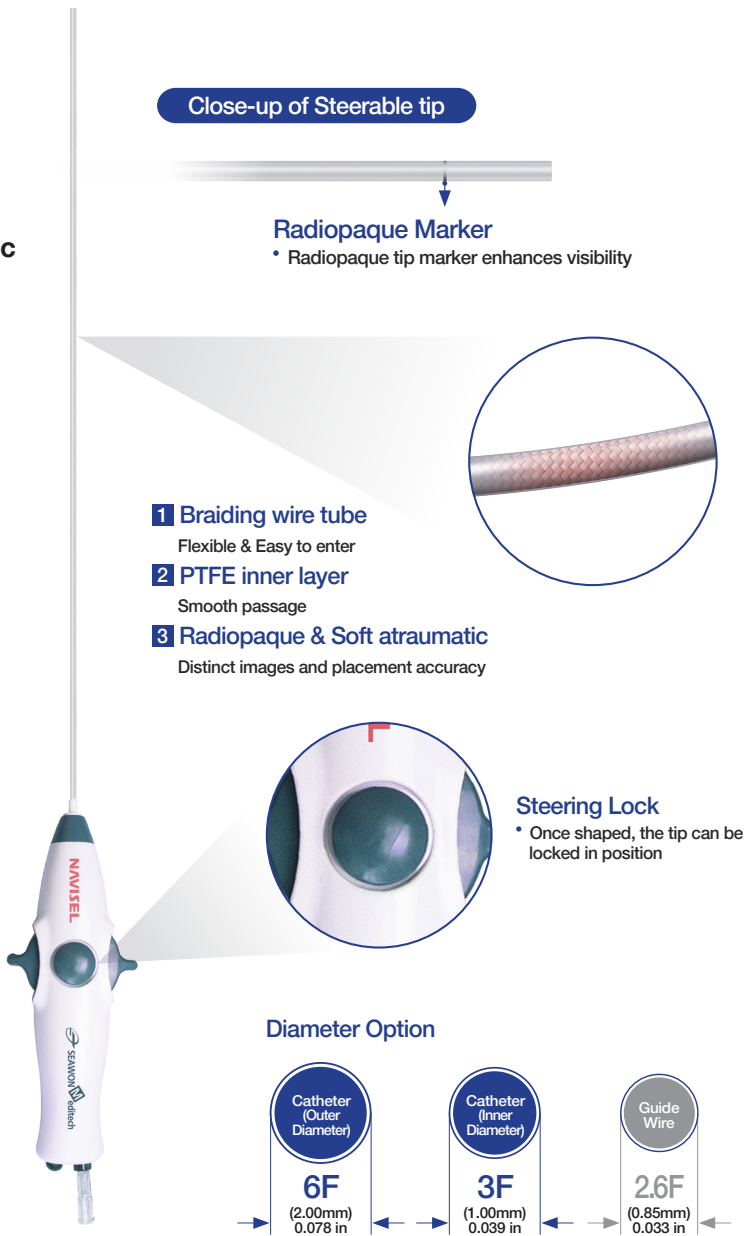

Easy-to-use ergonomic design
Ergonomic handle design easy to use

View device for illumination intensity control
Convenient for users to directly adjust illumination intensity on the view.

16 Product: NAVISEL

- Certificate :** KFDA, CE
- Features**
- **Braiding wire tube**
-Flexible & Easy to enter
 - **PTFE inner layer**
-Smooth passage
 - **Radiopaque & Soft atraumatic**
-Distinct images and placement accuracy
 - **Steering Tip**
 - **Steering Lock**

Aesthetic products

17 Product: SW-PRP

Certificate : KFDA, CE

Features

- One step Process
- Easy to use
- The closed structure of SW-PRP

Indication

- Ligaments injures
- Tendinopathy
- Initial phase of arthritis
- Total joint arthroplasty
- Hair Loss
- Wrinkles around Eyes
- Acne marks / scar

Surgical Technic Video

18 Product: ABMC KIT

Autologous Bone Marrow Products

Certificate : KFDA, CE

Features

- Easy to use with all-in-one kit.
- Easy to collect bone marrow because Bone marrow needle has a 5 aspiration hole.
- Convenient with disposable use.

Contraindication

- History of Metastatic Conditions like Cancer or Disease (Hematopoietic cancer or cancer of the bone marrow)
- Possibility of Infections in the Areas Targeted for PRP therapy
- Systemic disease
- Pregnancy or Breastfeeding
- Anticoagulant Prescription Medications or Antiplatelet Therapy
- Incidence of a Recent Fever or Illness
- Incidence of Smoking or Drinking
- Corticosteroid Injections and NSAIDS
- History of Severe Liver Disease
- Critical Thrombocytopenia
- Regular nonsteroidal anti-inflammatory drug use within 48 hours
- Severe Anemia
