Post-COVID-19!

BIO KOREA 2022 is planned to be held offline, and it will be a real business venue where you can meet various technologies and products in the field and get opportunities to enter the Asian market.

BIO KOREA is Korea's representative bio-health industry convention that provides a platform for international information exchange and technology trade.

For the past 16 years, we have been leading the development of the bio-health industry by providing business opportunities for companies and experts.

BIO KOREA 2022, which celebrates its 17th anniversary this year, it will be held at COEX in Seoul for three days from May 11th to 13th, 2022.

Various programs such as conferences, business forums, exhibitions, and invest fair are held, and we are preparing for abundant events through online hosting of some programs.
